EDUCATION

Vellore Institute of Technology, Vellore (B.Tech CSE)	Sep 2022 - present
Narayana Junior College	2020 - 2022

PROJECTS

1) React chat application — [Github Link]

Developed a React-based chat application to assist students in exam preparation.Integrated sections for each subject, allowing students to chat with peers, access previous exam papers, review important topics, and watch curated YouTube videos on the same platform.

2) cybersecurity-platform — [Github Link]

Designed and developed an interactive platform to raise cybersecurity awareness among children and parents.Focused on making learning about cybersecurity fun and accessible for all age groups.
